

## **Welcome to the Falcon GT Club of Australia Inc.**

The Club, formed in July 1977, is dedicated to the preservation and promotion of one of the most revered marques ever manufactured in this country.

In 1967, Ford released the first Australian built muscle car the XR GT and since then the Falcon GT has been regarded as the ultimate locally produced high performance Grand Tourer.

We actively support and encourage interest in all model Falcon GT's, from the Muscle car era of the 60's and 70's, including South African GT's, the Anniversary GT's of the 90's, the B-series GT and GT-P & the current FG GT range.

Although the Club is based in Melbourne, Victoria, we represent and welcome Falcon GT enthusiasts worldwide.

Benefits of club membership include monthly meetings which are frequently attended by guest speakers from various backgrounds. A monthly newsletter is also sent to members via e-mail or post, which includes reviews and information on club events.

At least one club run per month is organised to an arranged venue including car shows, cruises, family days out and other places of interest.

Members also have the right to vote at the Annual General Meeting held every July together with the ability to enter the biannual Falcon GT Nationals event.

Regardless of which model they own, all Club members share a common interest: a true passion for the legendary Falcon GT. Old or new we're all true blue.
